LA GARRIGA

La Garriga de Castelladral is a place surrounded by nature.

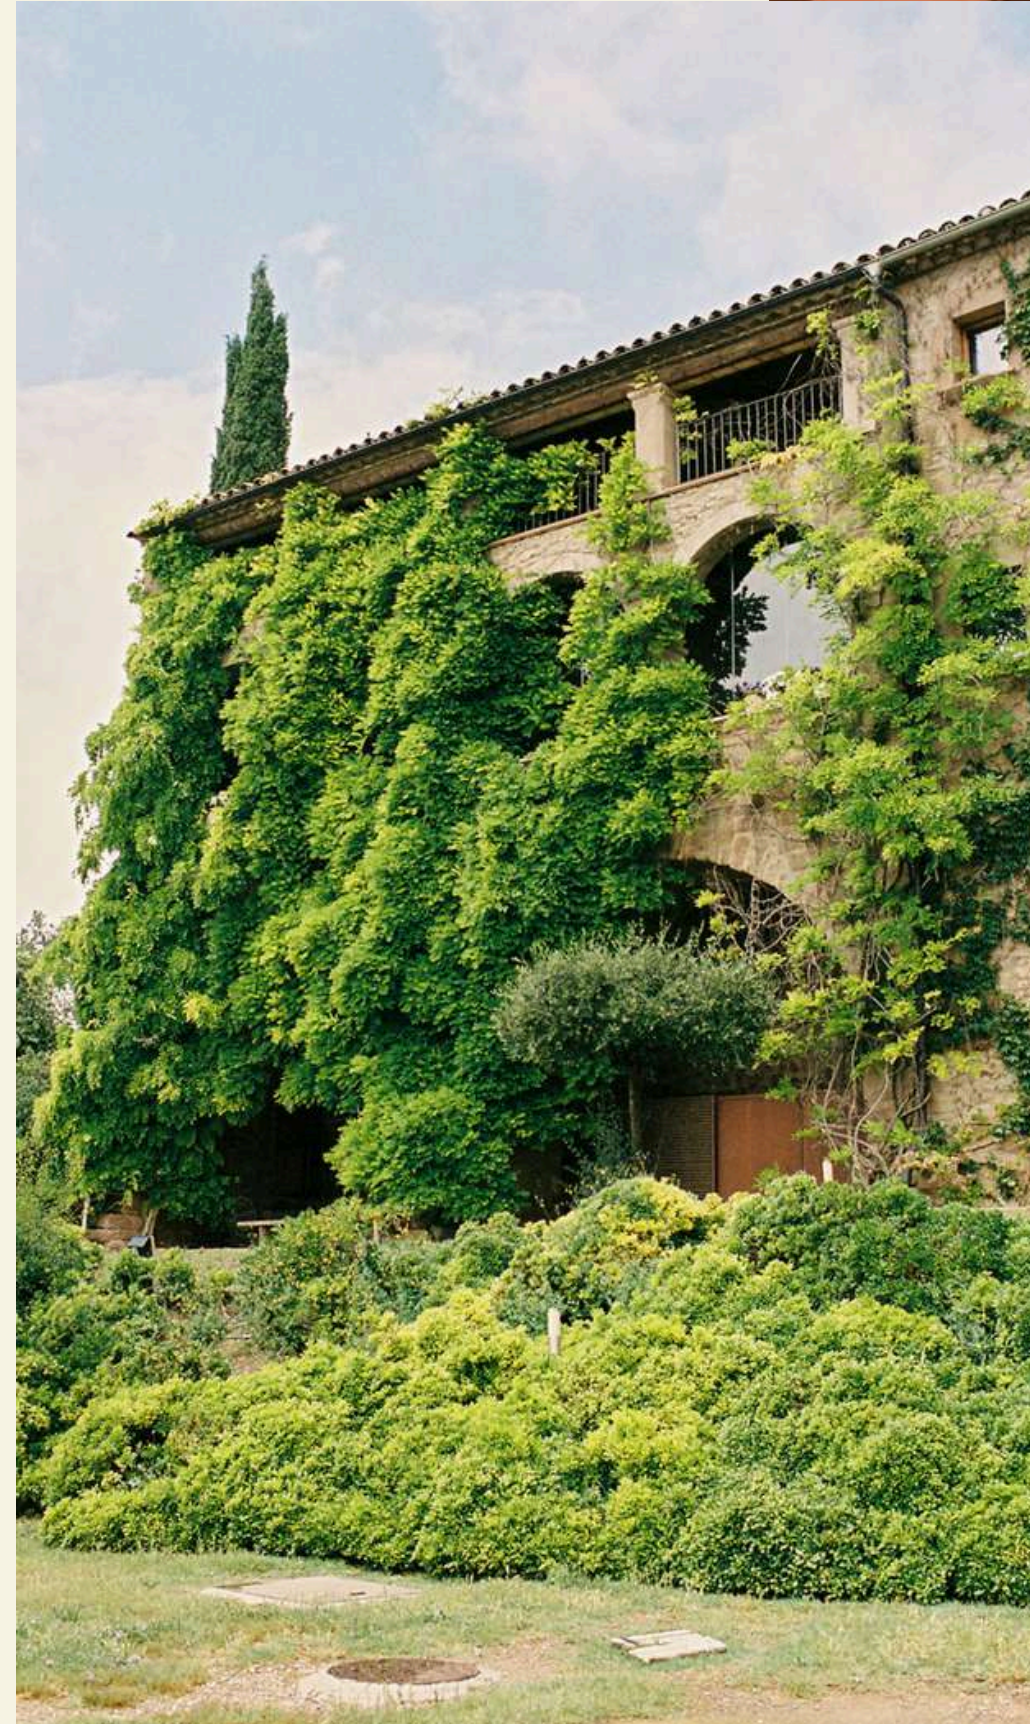

Just one hour from Barcelona city, La Garriga is a place to connect with beauty, authenticity, and the Mediterranean essence.

EVERY SINGLE DETAIL

Attention to every small detail is one of the values that best define us.

We deeply believe that each person, each place, and each element of the hotel is essential to create an atmosphere of well-being and excellence.

THE HISTORY

La Garriga de Castelladral is a medieval house that, at the end of the 18th century, was dedicated to the production of wine, olive oil, and cereals. The house has been lovingly and respectfully restored, preserving its essence and historical features.

ROOMS

The hotel has 20 unique suite rooms, each different from the other, all with beautiful views to nature.

In total there is a capacity of 51 people.

The rooms are built using natural materials and fabrics, in collaboration with local artists and artisans.

THE RESTAURANT

The Montserrat space is the hotel's restaurant, located in a privileged spot, with views of the Montserrat mountain and surrounded by nature.

OUR DELICIOUS BREAKFAST

We love starting the day full of energy! We prepare a delicious breakfast full of nutrients and flavors, a true sensory experience.

La Garriga's bees produce exquisite rosemary honey, our chef makes homemade cakes, we bake fresh organic bread, and prepare delicious juices...

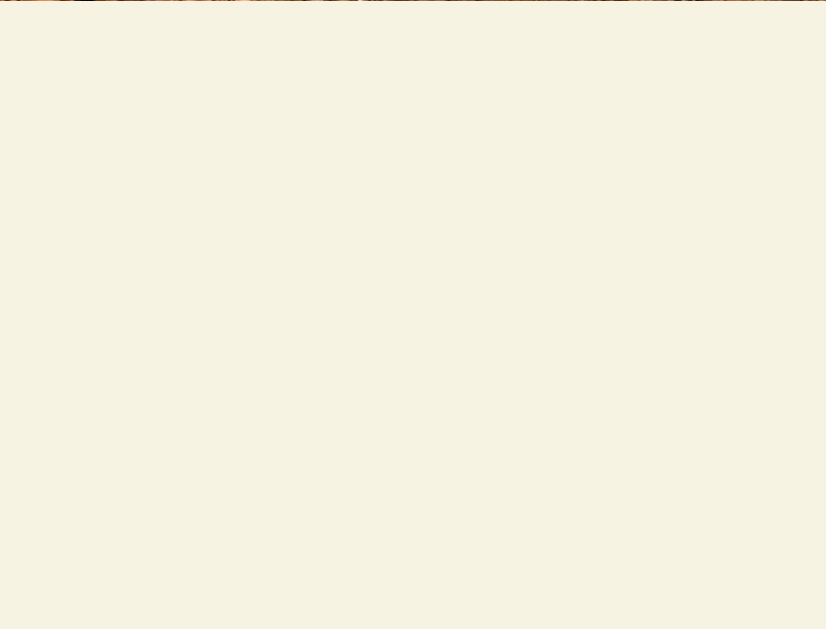

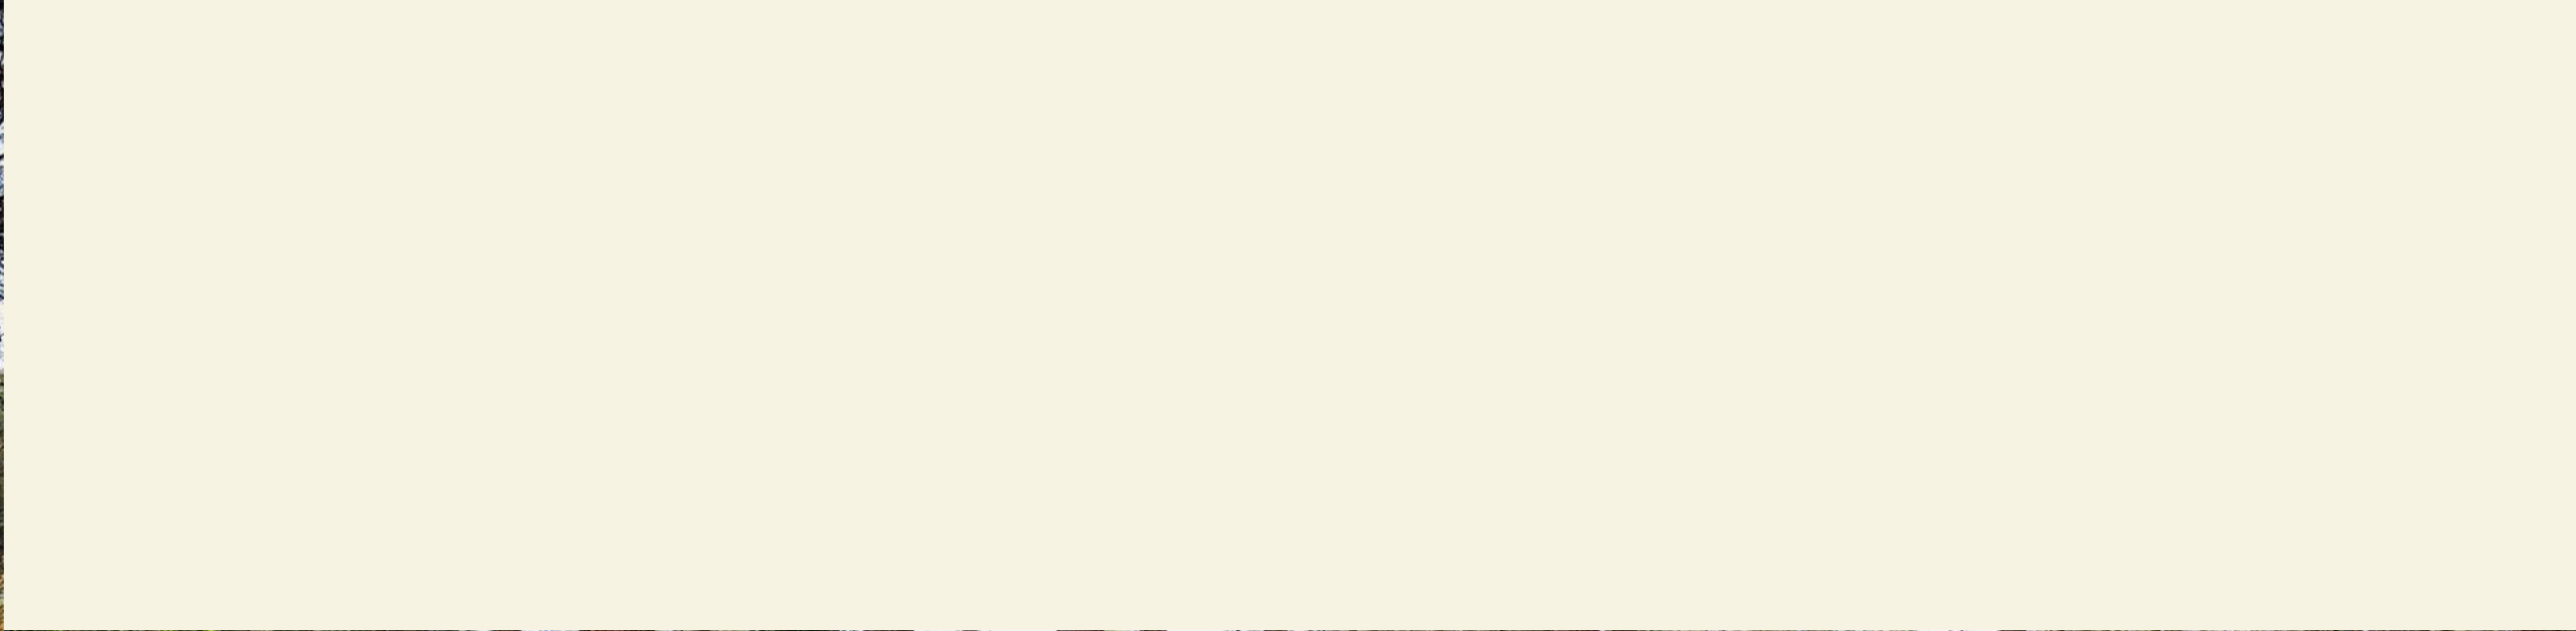

THE FOREST

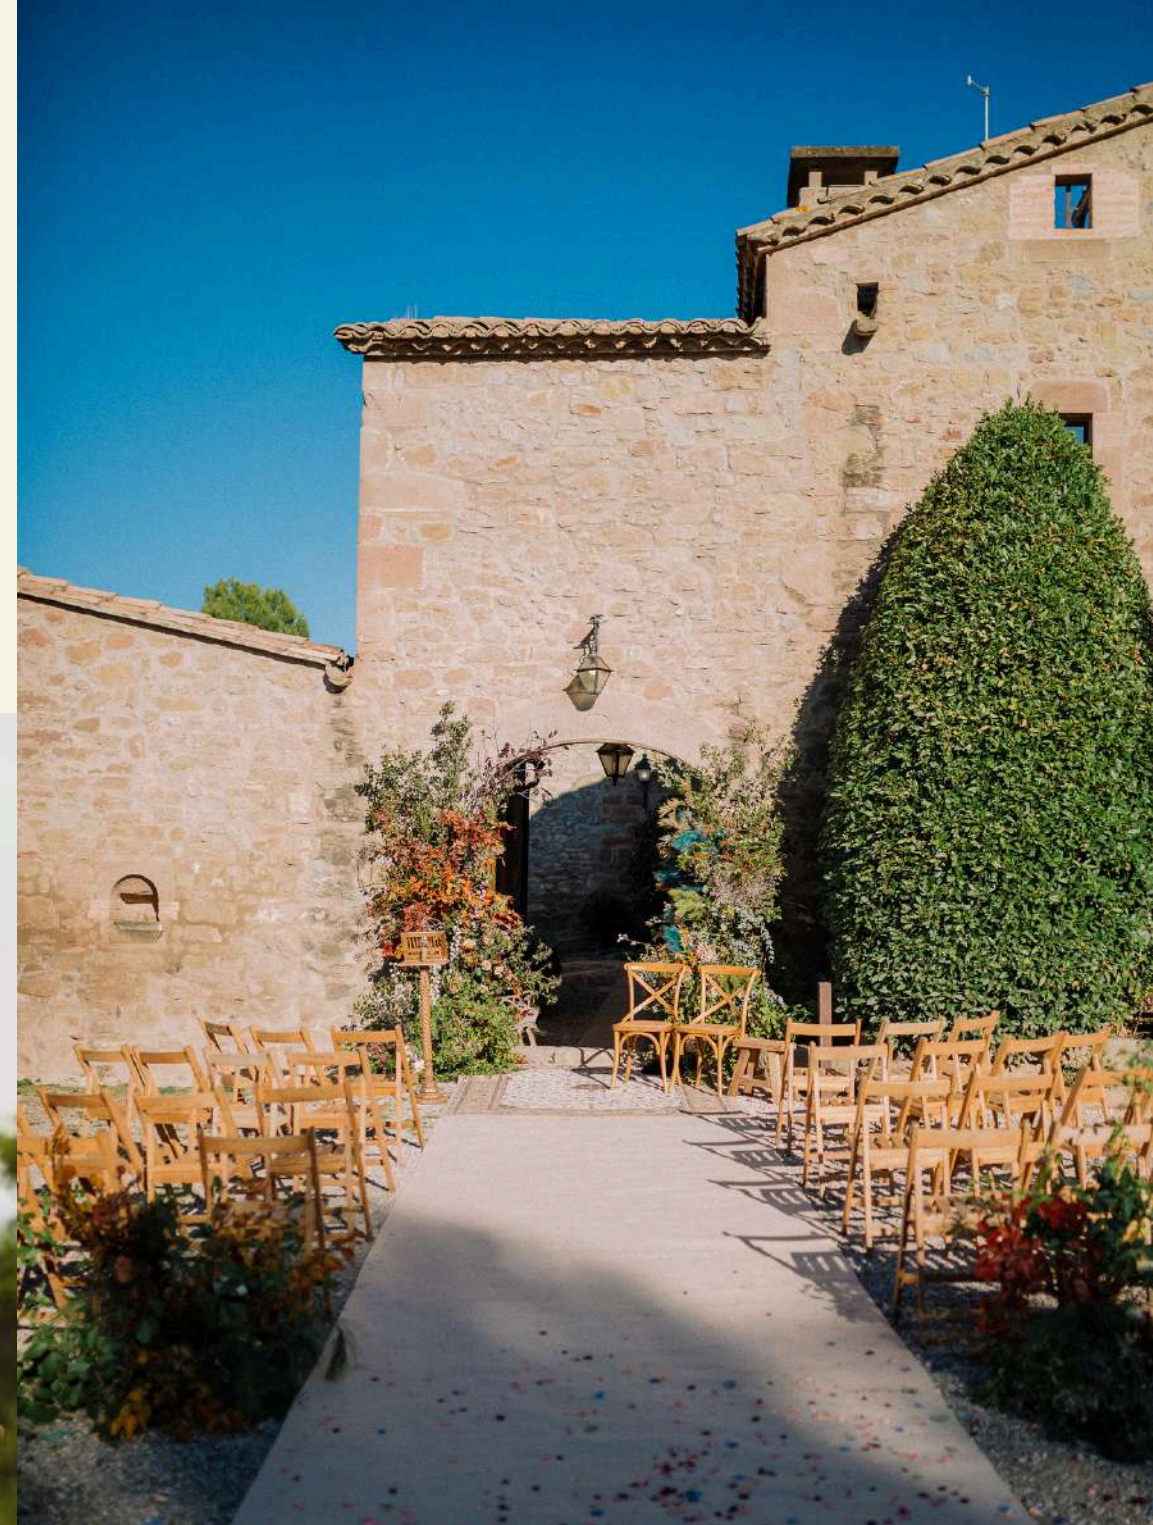

The forest is a spacious and magical place, filled with tall and majestic pine trees, where sunlight filters through the branches, creating a special atmosphere.

THE BIG TERRACE

The big terrace, once used to process cereals, is now a generous space with stunning views of Montserrat mountain. A space full of Mediterranean essence.

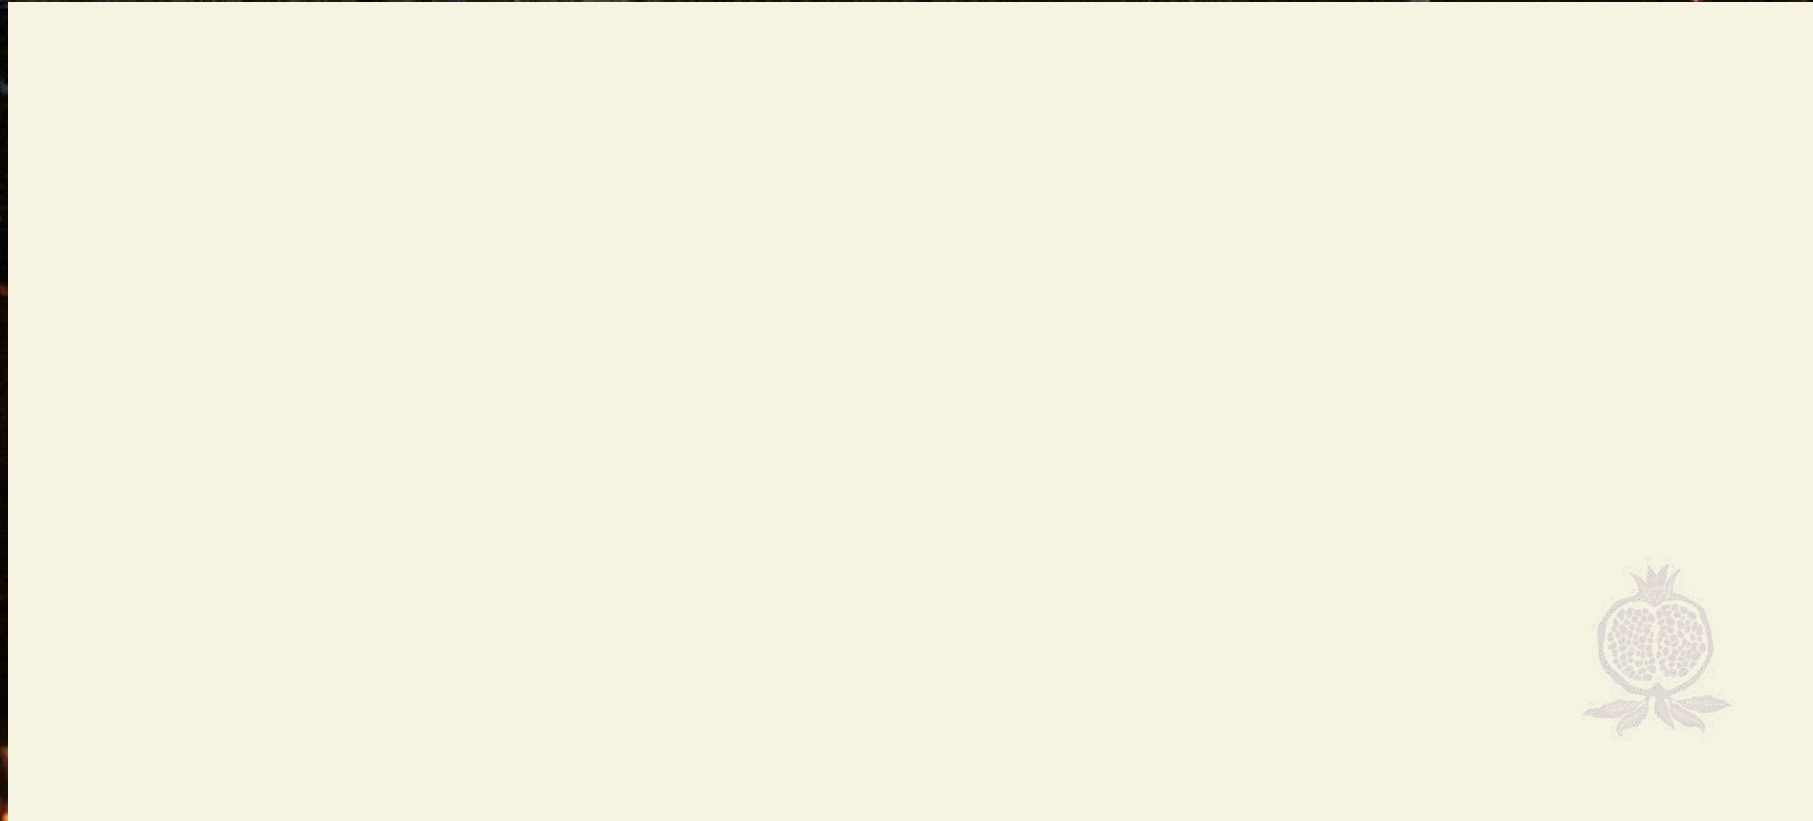

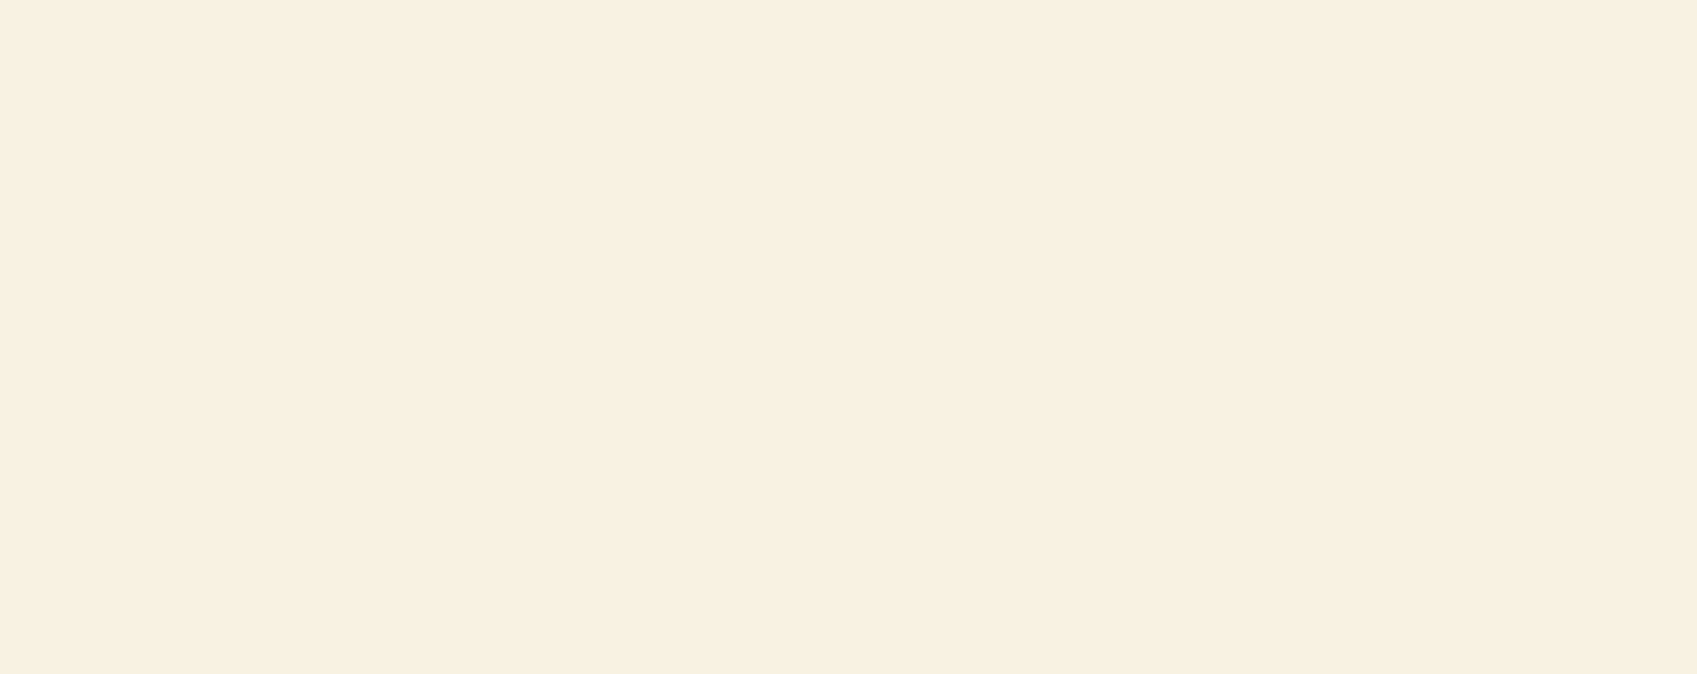

THE MEADOW

An open-air space at the foot of the hotel, with extraordinary views.

THE PIANO ROOM

A spacious and very bright indoor venue.

Its majestic stone wall, lack of columns, and views of the Montserrat mountain are among its greatest highlights.

Maximum capacity: 240 people.

MONTSERRAT RESTAURANT

An indoor space where you feel surrounded by nature. Oak wood flooring and a ceiling made of natural greenery.

Maximum capacity: 45 people.

CASTELLADRAL CHURCH

5 km from La Garriga you will find the cozy church of Castelladral, with beautiful 360-degree views. Maximum capacity: 80 people.

SERRATEIX MONASTERY

10 km from La Garriga you will find the charming Monastery of Serrateix, with Romanesque architecture. Maximum capacity: 250 people.

THE SWIMMINGPOOL

A space to enjoy the peace and silence of our surroundings.

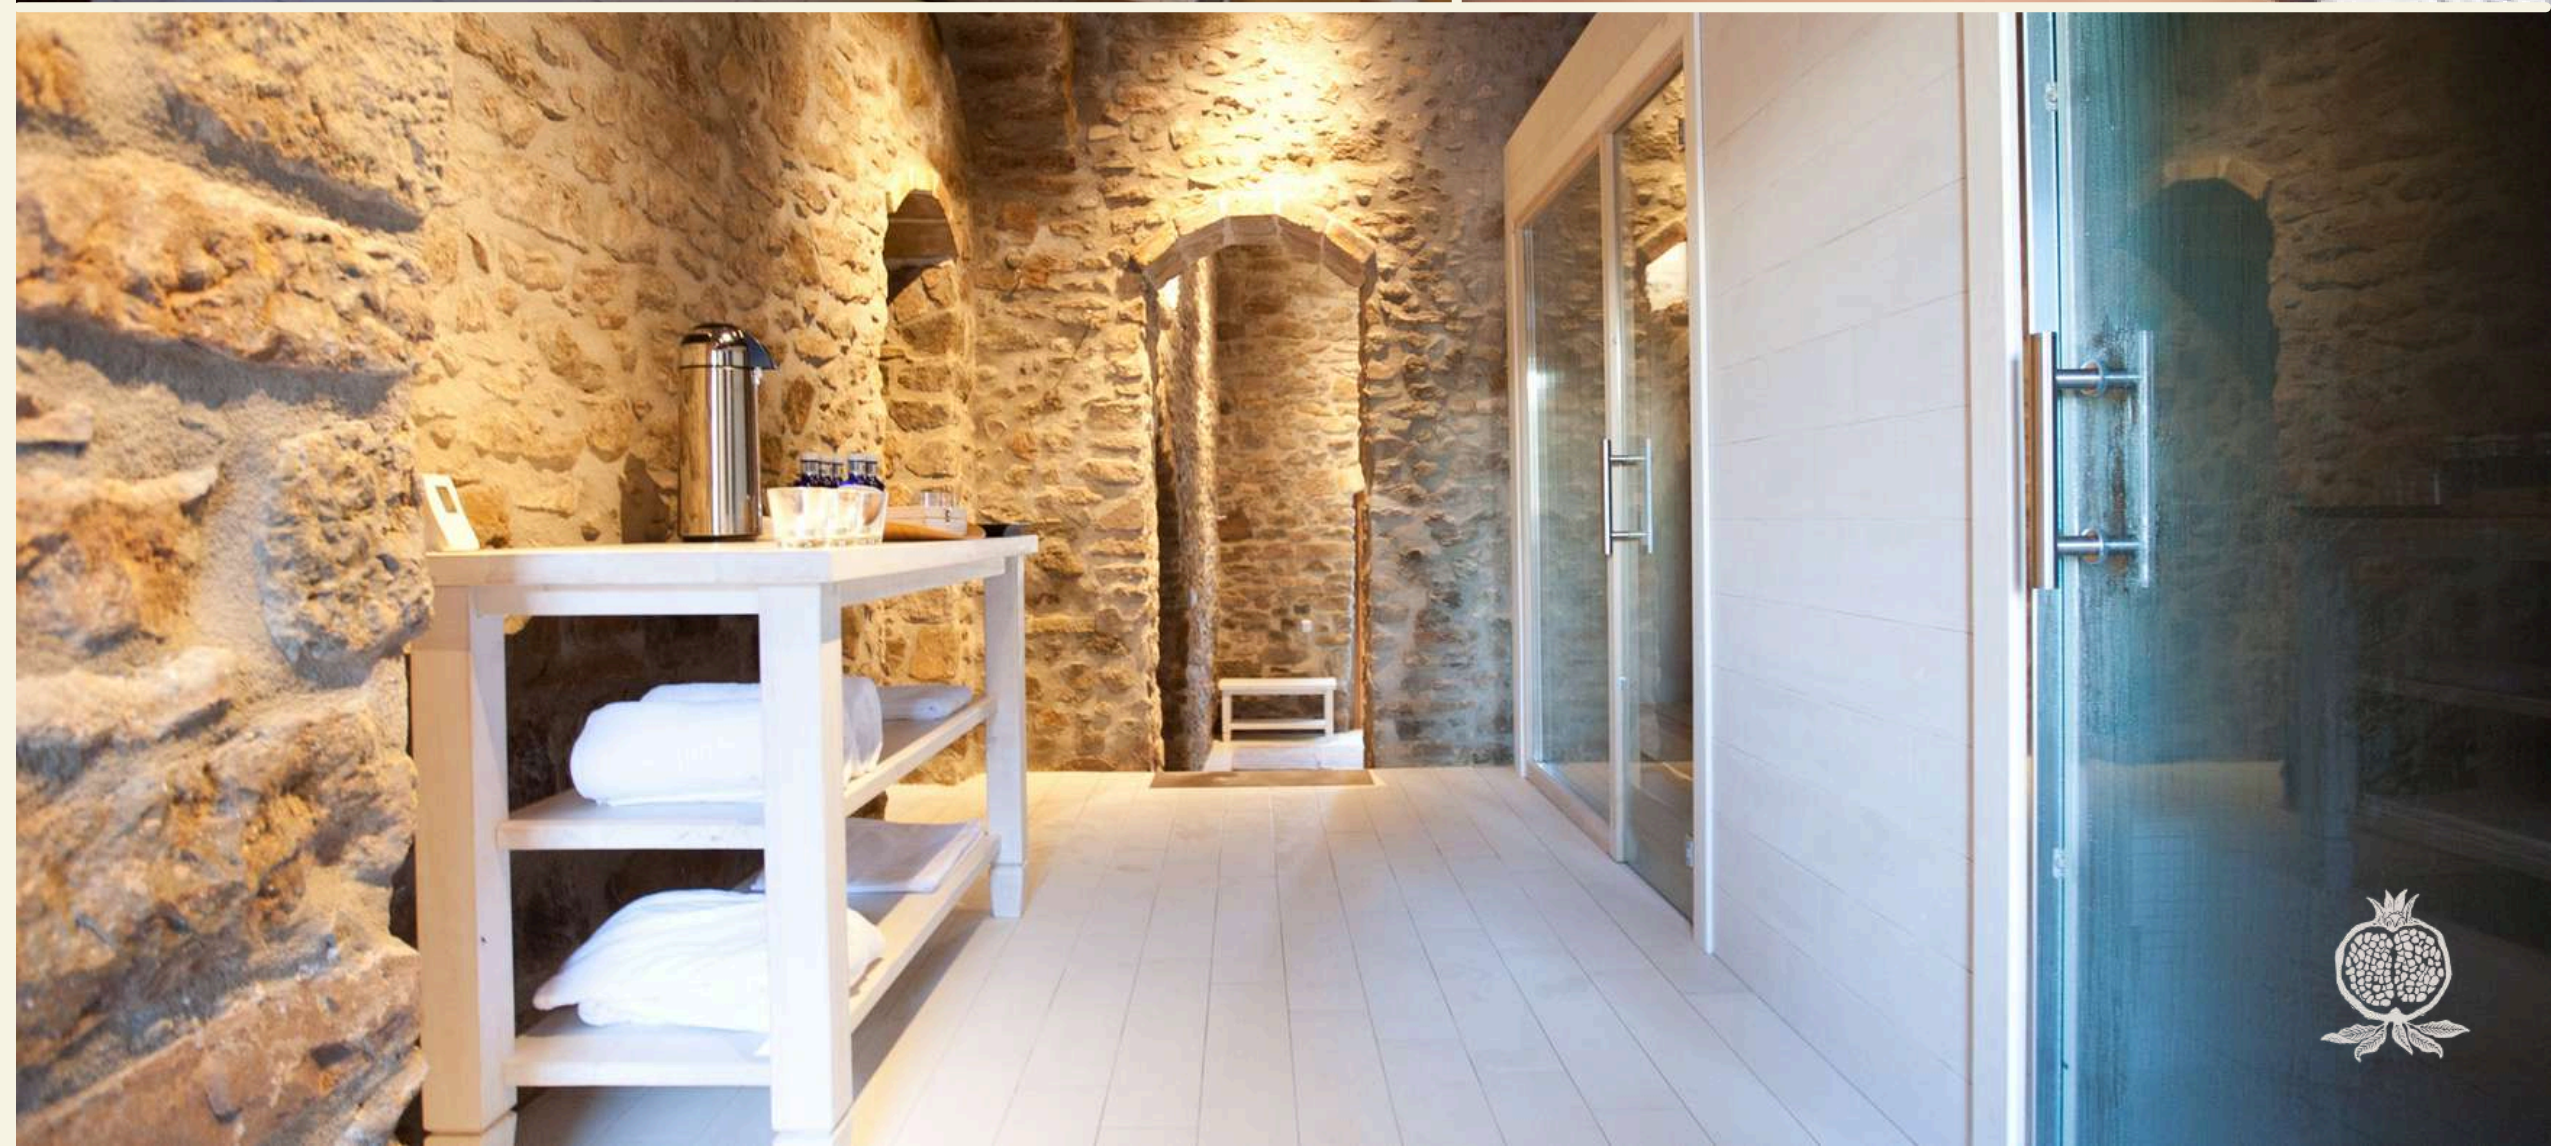

A 100% natural bath.

WELLNESS SPA

The area where wine was once produced is now a beautiful Wellness SPA.

Here you can enjoy a jacuzzi, dry sauna, steam bath, and a textured shower built inside an old wine barrel.

THE SLOW LIFE

Practicing yoga outdoors, walking through our forest bathing trail, or meditating in the spiral garden are just some of the treasures to discover at La Garriga.
